

SILA-Drones, Rentals & Rideshares

18,738 words = 3 CE Credit Hours

Course Description: Insurance and technology: they can't exist without each other. This course discusses the major conflicts between standard insurance policies and the risks posed by car rental agreements, ridesharing--from the perspectives of both passenger and driver, and drones. We also provide tips for avoiding coverage gaps in these areas.

Chapter 1 Renting Cars

Introduction;
